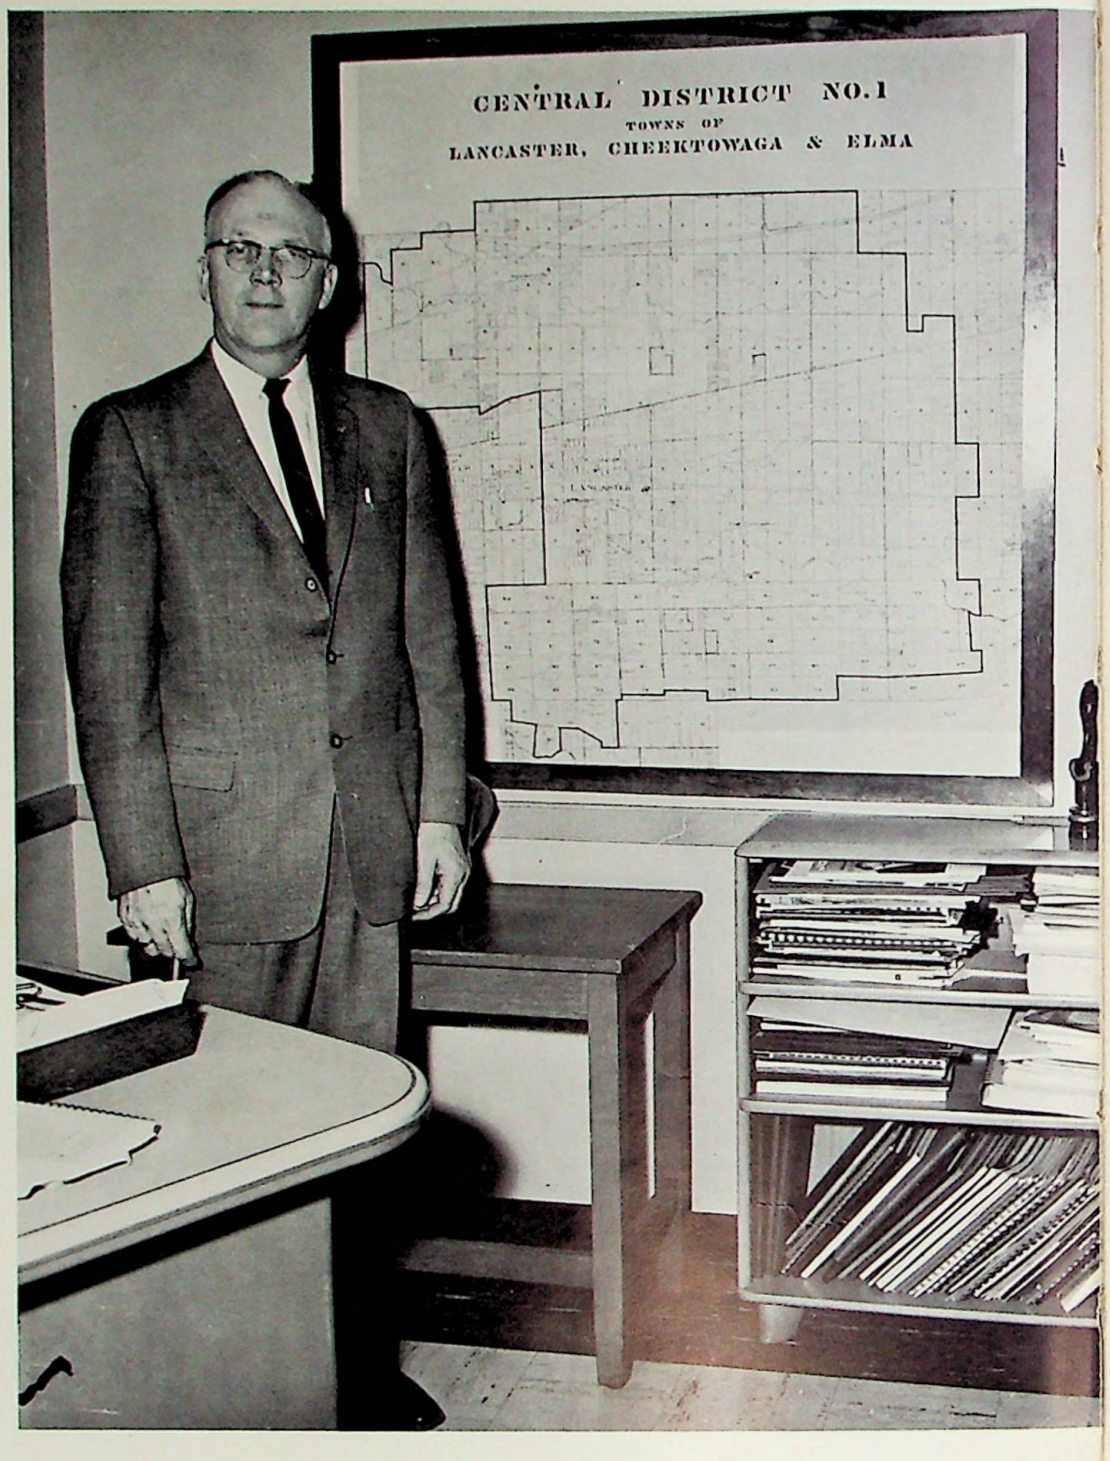
# FOREWORD

In the course of our high school careers, we have all become more and more aware of the history and the origins of our civilization, and in so doing to understand more fully the reasons and philosophies behind our whole way of life. As we delve into history we become more convinced that the true embodiment of men's knowledge, ideals, and wisdom can be traced and credited to the ancient Greeks who long ago considered that, "We are lovers of the beautiful, yet simple in our tastes; and we cultivate the mind without loss of manliness." It is with these forerunners of life in mind that we have compiled this book and chosen for our motto "Ambition is but a distant star."

MILTON W. BROWN
*Superintendent*



As the first class to complete three years at Lancaster Senior High School, we, the graduates of 1960, wish to express our sincere appreciation to the members of the Lancaster Board of Education for the tremendous amount of time and energy they have expended in our behalf. We students often do not outwardly show our respect and admiration for their innumerable achievements, but frequently incidents have arisen in our school life which have made us aware of this. Within the last few years, our school system has been both improved and modernized. As Lancaster's school enrollment has increased, it has been necessary for the Board to greatly expand the teaching staff. Of great importance to us has been the addition of four guidance counselors, a speech therapist, and a school psychologist. Because of their concern over our rapid growth, five new school sites have been purchased. They have wholeheartedly responded to our call for Saturday morning classes, including science enrichment courses and scholarship examination preparation. Our parents also have been able to further their education through an Adult Education Program. To summarize all the Board of Education's accomplishments would be impossible here, but it gives us great pleasure to so honor these members for the ideal citizenship they have exemplified to us in the performance of their civic duties.

# PRINCIPAL

## MR. HERMAN KLING

In September, 1957, the upper three grades of Lancaster High School transferred from the building on Aurora Street to the beautiful new Senior High School on Central Avenue.

At the time the students entered the new building, we believed that these young men and women would behave in an adult manner, so we laid down very few restrictions as to rules of conduct. We are proud to say that the students have valued the trust we have placed in them and only a minimum of change has been necessary in school regulations.

The Class of 1960, having completed all senior high school subjects in this building, leaves with us an excellent record of accomplishment and conduct, one worthy of all the work and planning that has gone into the building of this new high school. My sincere congratulations to all of you!

—H. W. Kling, *Principal*

# DEDICATION

In expressing our most sincere gratitude to the many members of the faculty who have given so graciously of their time and efforts in making this yearbook both a reality and a success, it is particularly fitting that we recognize our class and yearbook advisors, Mr. Symington, Mr. Boratin, Miss Bates, and Miss Wagner.

It is then with great pride that we, the Class of 1960, wish to dedicate this yearbook to . . .

. . . MR. BORATIN, whose wise counsel as our junior and senior advisor has helped make these high school years eventful and happy ones for us. It had largely been through his energies that at the end of these high school years our class emerges financially secure, yet in a position to sponsor a yearbook, a prom, the annual class day picnic, and a wealth of other senior activities.

. . . MR. SYMINGTON, whose unselfish efforts as our sophomore class advisor has guided us to a more firm class organization, a more memorable school life, and a deeper understanding of our responsibilities and common goals as a class.

. . . MISS WAGNER, whose cheerful encouragement has been an inspiration to all of us in our writing. The write-up staff has found her an invaluable assistant as well as a patient counselor.

. . . MISS BATES, our yearbook advisor, without whom this yearbook would not have been possible. We all appreciate the long and trying hours she has spent as yearbook layout, art, and photography advisor. Under her valuable guidance, we have found her both a friend and a mentor.

# HEALTH STAFF

Miss Helen Tomczak, our Physical Education Director, receives part of her yearly physical check-up from Mrs. Vasbinder, the school nurse while student, Gail Heinz, records.

The "aches and pains" occurring during a day at Lancaster Senior High are taken care of in the Health office by Mrs. Vasbinder and her student assistants. Annually the sight and hearing of all the students are tested; seniors and athletes are given complete physicals by Dr. Addesa, the school physician, assisted by the school nurse. The results are recorded and parents notified. Faculty members and other school workers are also required to have physicals, which may be obtained at the school. Absenteeism is also checked by Mrs. Vasbinder. She discusses health problems with students and parents and refers them to various agencies for further corrective measures when necessary.

Dr. Albert Addesa, *school physician*

# OFFICE STAFF

The Principal's assistants, Miss Spanitz and Miss Rebmann, give information concerning the general management of the school. They also devote a great deal of time and effort to keeping the school records of our students up to date and in good order.

Mrs. Schmitz is the secretary in the guidance office. Mrs. Trudel operates the switchboard in the Principal's Office and assists students in securing their working papers.

The Superintendent's staff, Mrs. Waldmiller, Mrs. Olivieri, Mrs. Adolf, and Mr. Derner, are concerned with the business and financial branches of our school system.

*1st row:* Mrs. H. Davidson, 2nd. Vice President; Mr. C. W. Mulligan, President; Mr. A. Maxim, 1st. Vice President. *2nd row:* Mrs. A. Maxim, Rep. to Coordinating Group; Mrs. S. Thomlinson, Corresponding Secretary; Mrs. J. Lyon, Social Chairman; Mrs. H. Rosenthal, Hospitality; Mrs. N. Wydysh, Membership; Mrs. A. Marano, Room Mothers.

# PARENT TEACHERS' ASSOCIATION

The 1959-1960 school year was begun with high hopes and many plans for the Lancaster Senior High Parent Teachers' Association. The ham dinner held on October 25, not only appeased many appetites but provided an enjoyable social interlude as well. A successful bake sale was held on the evening of Open House in November. During the Christmas season, a dance, which helped to put everyone in the Christmas spirit, was held for alumni and students. In April, our PTA presented a Spring fashion show, in which students participated and Mary Jane Abeles was commentator. Other functions of the association are the support of the American Field Service Exchange Student Program, a scholarship fund and the Departmental Awards program. These activities are but a few ways in which the PTA helps provide for the welfare of the students in our high school.

Workers at our Sunday Ham Dinner

# GUIDANCE

The tests which are given by our counselors are to find out the achievements, aptitudes, interests and personalities of our students at Lancaster. Our counselors use these results in helping students with job and college placement and technical training.

GUIDANCE SERVICES

1. Programs for all students are individually planned to suit their individual aptitudes, interests and needs.
2. Counsel is easily available for all students and parents at any time.
3. Close cooperation with colleges enables students to meet representatives and discuss their admission questions here in school.
4. Necessary testing is done individually and in groups to help students plan their futures wisely.

# ATTENDANCE

Mr. Robert Wright, attendance officer, has the necessary position of checking our absentees and issuing various passes throughout the school year. His cheerful cooperation is known and appreciated by both students and faculty.

Anne Jackson does not appear worried as Mr. Wright questions her about her tardiness yesterday.

# TRANSPORTATION DEPARTMENT

Mr. Ferrand plots the bus routes with the assistance of his secretary, Mrs. Mansius.

State Bus Inspector Philip Drumheller checks spindles of wheel bearing on a school bus while Henry Pawelczyk, mechanic, looks on.

Our yearbook photographer catches John Unselt as he checks the oil on bus #3.

Since practically all the students attending L.C.S.H.S. ride busses, our transportation department has been busy taking pupils to and from school every day—driving an average of 500 miles on the regular routes, plus 90 miles for late trips. Aside from the usual runs, they have taken us to visit places of educational interest, such as City and County Courts and the Albright Art Gallery. They have taken our athletic teams and cheerleaders to sports events, and transported students to special rehearsals and extra practice sessions for both musical and athletic events. This service was provided in all kinds of weather—dull, bright, hot, cold, pleasant, and stormy days—in rain, sleet, sunshine, and snow—on icy, wet, and dry roads—on main and side roads—inside and outside the village. For this, we are most grateful.

The class of 1960 wishes to present an orchid, our class flower, to each of the following students in recognition of an outstanding accomplishment during his or her high school career. These achievements have added much prestige to our class and we are justly proud of them for the time and hard work they have put forth. As a junior, Clark McKenzie, broke the long standing discus record with a sensational throw of 140′4″. Nina Rising became our school's first exchange student, as the American Field Service's 1959 summer representative to Greece. This year, George Thomson shattered his own record for the mile with an exceptional time of 4:41. One of William Thomlinson's most distinguished awards was the Atlantic City trip to attend the "Youth and Atom Conference." He was accompanied by Mr. Gessert, his physics teacher. John Haner has received the National Latin Honor Society Award for attaining the high mark of 115 out of a possible 120, for three consecutive years. In our sophomore year, Rodney Schifla astounded everyone by rolling the perfect bowling score of 300, becoming the second youngest boy (15 years, 7 months) in the nation to ever accomplish this feat. As a result of her exceptional science ability, Barbara Hummel had the distinction of being the first Lancaster High School student to win a Buffalo Museum of Science summer scholarship. In his spare time, James Everts has displayed extraordinary talent as a radio announcer. He has, to his credit, been WWOL Guy King's record hop manager, and is currently on the Eggertsville station, WSAB.

# CLASS HISTORY 1958—59—60

As the last days of Senior High draw to a close, a portion of our lives also ends and we take time to reflect on the past three years. We realize the importance of our teachers' daily interest in us and hope to justify their efforts in the years to come. It is with a touch of nostalgia that we look back over the good times we have shared. The hard work and disappointments seem dim by comparison in contemplation. In our sophomore year we became the first and largest class to enter Lancaster Central High with three years to go. The preceding classes left us the task of carrying on the high standards of the school. With Mr. Symington acting as our class adviser, we held two splash parties and a dance, "The Carousel," which was an immense hit. We topped the other classes in our first magazine sale. This provided us with a firm financial start to meet the expenses of the coming year. The spontaneous enthusiasm of our new class adviser, Mr. Boratin, enabled us to get our junior year rolling. For the second year in a row we were successful in the magazine sale. Activities for the year included two splash parties and the "Harvest Festival" dance. "Ambition's light is but a distant star," lavender and white, and the white orchid were chosen as our class motto, colors, and flower. "Twilight Time," was chosen as a theme for our Junior-Senior Prom to represent this milestone in our high school career. Against a lavish background of stars and filmy clouds, we crowned Frank Inglese our king, Phyllis Garfield his queen, and their court attendants. This year we inaugurated a "Ring Dance," where Mr. Boratin, our adviser, presented us with our class rings in a formal ceremony. Our holiday dance, "The Snowflake Swirl," with its fine band, appealed to all. Plans are already under way for the presentation of our Senior Class Play. This year we expect the largest Junior-Senior Prom attendance in the history of our school. Our class day, with its annual picnic, will be the last social event of the year. We shall miss the friends we have made, but we eagerly look forward to graduation and what the future holds in store for us.

# 1959 SUMMER STUDENT TO GREECE

NINA RISING

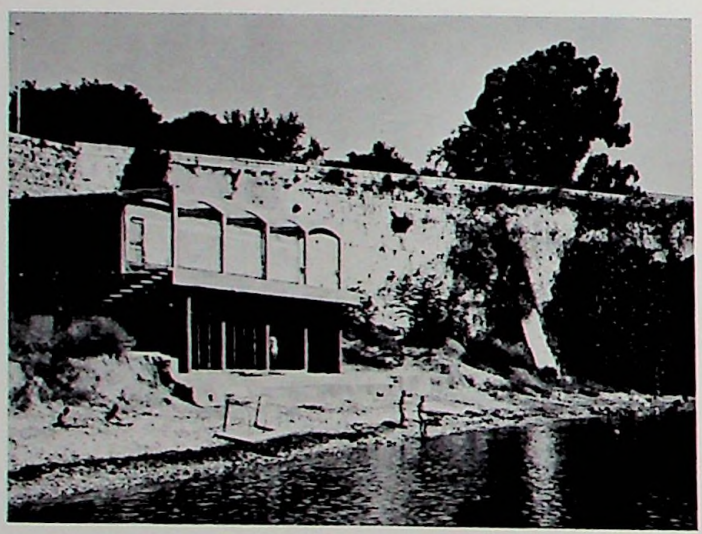
During the summer of 1959, for the first time in the history of our school, we sent an exchange student to Greece. I was the lucky student who was selected to go.

This trip was a wonderful opportunity for me as a representative of American good will as well as for the school and community.

When I returned to Lancaster, I began to make speeches at various organizations in town. My activities this summer ranged from swimming every day to long walks with my families or friends at night, not to mention sight-seeing and celebrations.

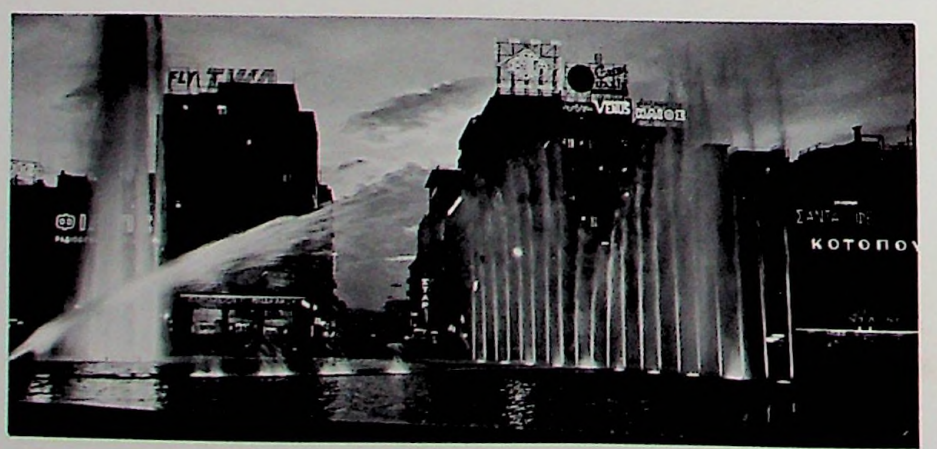
It was a great thrill to learn that no matter where a person goes the world over, people have the same kind, understanding natures.

The wealth of knowledge gained from this experiment in human relations makes it a wholly unique and worthwhile program. Vive la A.F.S.!



Swimming club at which my sister, Maria practiced every day.

The Stinis family from Corfu. Maria, 15, her mother, an elementary school teacher, and her father who works for the Telephone and Telegraph company.



Omonia Square, in the center of Athens, has this beautifully lighted water fountain.

During July, I stayed in Athens with Helen Mahera and her father who was a doctor. We lived in a rather poor section of the city, near the famed Acropolis. Helen was 17 and a senior in high school.

After two weeks, I moved in with the Vardas family located in their summer home about 20 kilometers from Athens. My sister, Marina, 14; Dimitri, 19; and Theodore, 17, my two brothers, and I did many interesting things together. Mr. Vardas was a partner in a clothing store in Athens. All in all, it was a busy and exciting summer.

For our last three days in Greece, all the American Field Service students met in Athens for a tour of that fabulous city. Here we are at the ancient ruins at Delphi.

A miniature temple at Delphi, believed to have held valuable treasures in ancient days.

Below is a typical building on the island of Corfu. The ground floor is the office of a local newspaper, while the upper stories house many families.

Although not equipped for speed, hiring this old-fashioned taxicab is much easier than walking in 100 degree heat.

## HEIMKE FRANZENBURG

Born the 9th of June, 1942, in Minden, Northrhine-Westfalica, Germany

Mutter und Moritz

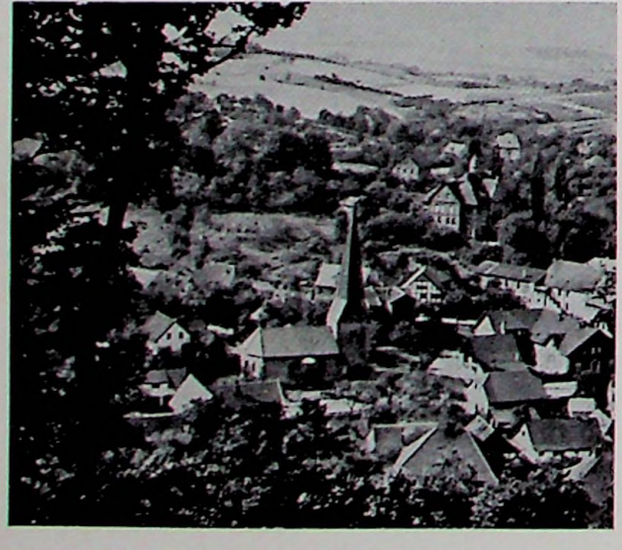
Hier bin ich aufgewachsen.

Dieses Dorf ist meine Heimat.

Here at the "Porta Westfalica" where the Weser leaves the Mittelgebirge is my home. I live in one of the few houses at the foot of this mountain. The monument on the top represents Kaiser Wilhelm II, our last German emperor.

Now I want to tell you a little bit about myself. I live in Barkhausen, a suburb of the beautiful Minden in the Province of Northrhine-Westfalica together with my mother, grandmother, two sisters, and one brother. My sister, Wiebke and I visit the girls' gymnasium in Minden. My brother, Klaus, is already teaching at the boys' school in Minden. Our school begins at 8 o'clock, but we always arrive at the last minute. I am in the eleventh grade and still have two years left. I take sixteen subjects a week, which really is often confusing, because every day is different. For instance, we take biology, geography, physics, English, and French, only twice a week, but we take it during all the nine years of high school. School is dismissed at one o'clock. Then we go home for lunch. In the morning between classes we have two breakfast breaks of fifteen and twenty minutes, when we go out on our school yard which is surrounded by many trees, to eat our sandwiches. In summertime during my free time, I go swimming in the nearby river, Weser, and in the wintertime skiing on the mountain behind our house. On the weekends, which are very short because we have to go to school on Saturdays, we usually hold our Wandervogel meetings (a kind of girl scouts). I take my guitar with me and we sing folk songs and plan new hiking or bike trips.

Every morning at 7:15 I take my bike or in icy weather the streetcar, meet my friends and we all together start our way around the



Every month we get one day off from school to go with our classmates on a hiking trip. Do you recognize me in this crazy group?

mountain to come to Minden, our school city. Minden has about 50,000 inhabitants and was founded by Karl dem Grossen of the 9th century.

I'll never forget that one day, when I came home from school, and my mother welcomed me with a mysterious looking letter in her hand, and that was the most wonderful letter I ever received. It was from the American Field Service in New York. I was elected to go to America. America—that meant everything for me in those days. I had always heard about the progress of engineering, the enormous accomplishment in industry that is exemplary for Germany. Frequently we heard of the initiative of the American people, and their self-management was represented to us as a model. The country was said to be vast, very beautiful, and in some regions still untouched. It was my greatest desire to see this country with my own eyes, to know the Americans personally, and to compare my impressions with my own country. Now I know that this wonderful program, to come in touch with different nations, to learn and to give not only will be a great profit for me and the people I contact, but also for the future development of friendship between our countries.

I'll never forget this year in America, where the people are so gracious and where I made so many friends. I wish to thank you for your hospitality.—DANKE!

# CLASS HISTORY 1958–1960

In 1958, under the direction of their adviser, Miss Dorothy Hayn, the class of '61 held its first activity, the "Bermuda Bounce," followed by splash parties and socials throughout the year. The magazine sale, sponsored by the Senior High School and enthusiastically supported by the Sophomore Class, started its treasury rolling and put them in second place. Their first year in the new Lancaster Senior High School was under the leadership of their first class officers, President—Dick Ward; Vice President—Mary Lou Arcese; Secretary—Carol Fox; Treasurer—Jerilyn Schilling; and Social Chairman—Edith Berger. Now as Juniors guided by a new class adviser, Mrs. Carole Dygert, the newly elected officers are Dean Czech, President; Susan Shaffer, Vice President; Donna Lynch, Secretary; Joan Dumont, Treasurer; and John Shoff, Social Chairman. Bronze and white have been chosen as class colors, and the rose as the class flower. This year the class has backed splash parties, socials, and dances, and especially looks forward to the Junior-Senior Prom which takes place in the spring of the year.

Ronald Pascucci, Mrs. Dygert, John Shoff and Cathy Werick make decorations for the Junior Class sponsored dance, "Holiday for Hearts."

Many a new day will come.

The purpose of an annual high school musical is to furnish an opportunity for all-school participation in a production which has all the elements of "good theater"—drama, music, art work, stagecraft, dancing, and publicity. On December 2, 3, and 4, 1959, approximately twenty-four hundred persons filled our auditorium to watch Lancaster Senior High's most successful musical production, OKLAHOMA. A cast of over fifty, including chorus, orchestra, and dancers, as well as actors, successfully met the challenge OKLAHOMA presented—to give widely and fully of their diverse talents. The songs of this timely and typically American musical appealed to old and young alike. It provided a touch of humor and drama, love and sorrow, realism and fantasy. To both cast and audience, it was a rewarding experience and a revealing insight into "good theater."

Simon says, "Do this."

# ALL SCHOOL PLAY

On February 17 and 18, 1960, the all school play, "The Red House Mystery" was presented. Under the direction of Mrs. Warren and student, Judy Pempsell, an able cast presented this enthralling mystery of murder and deception. Among the main characters were David Wheeler as Mark Ablett, Gerald Hehr as Caley, Frank Borschel as Joe, the policeman, Robert Beattie as Inspector Birch, Dennis McMillan as Bill Beverley, Sue Koebel as Betty Calladine, Sandra Diringer as Angela Norbury, John Haner as the major, and Nester Wydysh as Anthony Gillingham. Besides gaining valuable dramatic experience, we understand the play participants had a real "ball," during the weeks of rigorous rehearsal.

# BEHIND THE SCENES

Mr. Debbins explains the stage switchboard to his lighting and sound crew—D. Muetel, M. Kuras and D. Canetti. They perform a great service to our school in maintaining the lighting, public address system, and the projection equipment. Whenever the need has arisen, these boys have been on hand faithfully attending to the necessary details that "make" a good production.

In action!

Members of the stage crew set up and build the scenery necessary for the annual musical, senior play, all-school play, water ballet, and junior-senior prom, as well as preparing the stage for all assembly programs. In addition to these regular duties the stage crew does all set-up work for the Curtain Timers' five shows at the Lancaster Senior High. We should be especially appreciative to these boys for all their work because they do it without glory, recognition, or applause.

## 1960 CAYUGAN GOES TO PRESS

On February 15th the staff of THE CAYUGAN sent the final copy of the 1960 yearbook to press. After many months of work, these industrious students proudly announce that their 116-page yearbook will be the largest and most elaborate in Lancaster's history.

These workers under Miss Bates and Miss Wagner have in this time assembled over 500 photographs and several thousands of words in write-up to surely make this yearbook LCSHS's best to date. Chief participants have been: Joyce Linderman, Charles Sweetman, and Jack Ward in photography; John Haner, Carol Simpson, and Gloria Waite in write-up; Anne Jackson in business; Lynn Mustard, Yvonne Rogers, and Dorothy Stone in paste-up; Judy Small and Sharon Stevens in typing; and William Biggee in art.

With a well-informed student body as their major objective, the staff of the *Redskin Review* have in this, their first year, regularly published a mimeographed newspaper that has shown a great deal of originality, true school participation, and high-caliber writing. Busily putting the bi-weekly newspaper together are: *seated, l. to r.:* P. Garfield, L. LaVigne, S. Louer, J. Draicchio, J. Haner; *standing, l. to r.:* J. Hogan, J. Schniepp, C. Fox, C. Hudock, F. This group visits hospitals, watches movies, and plans activities all geared toward helping the girls become better acquainted with what nursing entails. Generally, each year the club plans some project of a worthwhile nature. This year a tea was given in honor of our foreign exchange student, Heimke Franzenburg.

# FUTURE TEACHERS

The Future Teachers' Club is a fairly new club at Lancaster Senior High. With Mr. Kemp as adviser, activities this year have included a cookie sale, baby sitting for the P.T.A., and assumption of teacher roles on Teacher Recognition Day. Pictured below as Mr. Schrader, Principal of Lancaster Junior High, addresses the group are: L. Mustard, E. Miller, Mr. Schrader, M. Wenzel, J. Linderman, P. Garfield, S. Stoddard, D. Stone, S. # STUDENT COUNCIL

Is it a major decision???

The Student Council, composed of one elected representative from each homeroom in the school, is the student government of Lancaster High. Its executive body consists of the president, Frank Inglese; the vice-president, Edith Berger; the treasurer, Pat Campbell; and the secretary, Sharon Scalzetta. The council is under the very capable guidance and supervision of Mr. Roessel.

Our representatives

There are three major aims of the Student Council: to promote and guide the activities of students so as to secure for them extensive experience in self-initiated and self-directed enterprises; to encourage wide opportunities to participate in the civic responsibilities of the school; and to develop pride in belonging to the school community.

In the past, the council has proved most successful in the execution and fulfillment of these aims. The Handbook containing essential, everyday information about Lancaster High was published. The members of this group also run a hat check concession at many school functions.

In the future, the members hope to make even greater strides toward fulfilling their aims.

"I pledge myself to uphold the high purposes of the National Honor Society to which I have been elected; I will be true to the principles for which it stands; I will be loyal at all times to my school; and will maintain and encourage high standards of scholarship, character, leadership and service."

This is the pledge made by members of the Honor Society. No school honor excels that represented by entrance into the Lancaster chapter of the National Honor Society.

This club bases its membership on four qualifications through which its members attempt to show ideal conduct. Character should be everyone's greatest goal. Service is a gift anyone may give at no cost, and from doing so, gain the great benefits of happiness, success and friendship. Leadership is a quality found by few, and admired by many. Scholarship is the sincere and lasting desire to acquire knowledge.

The Honor Society attempts to provide fellowship and recreation for its members. Two of its most important activities have been the sale of Christmas wrapping paper and the distribution of school pictures. Each year, a tea is held by the society for new members and their parents.

With the aid of Miss Diana, adviser, the members of the National Honor Society carry on their worthy program based on high goals.

# FRENCH CERTIFICATE of ACHIEVEMENT

Each year, ten percent of the enrollment in the French classes is eligible to be elected to the French Honor Society on the basis of scholarship and interest in the language.

In the 1959 French I division competition for Western New York, Suzanne Louer won third prize. This was quite an honor as an estimated 900 students in 33 area schools participated in the National French Contest, whose purpose it is to reward high scholastic achievement.

# LATIN HONOR SOCIETY

At the end of Latin II, all students with a Latin average of 90% or higher are qualified to enter the Latin Honor Society. The object of the organization is to stimulate interest in the study of Latin, to promote higher standards of scholarship, and to reward high scholastic achievement. It is hoped that these awards will not only honor the recipients, but will promote greater interest in the language they have elected to study.

Suzanne Louer, French Contest Winner, tells Nina Rising about John Haner's prize in the Latin contest, held in conjunction with the program of the Latin Honor Society. Nina and John are also members of the French Honor Society.

# TWILIGHT TIME

Our King Frank and Queen Phyllis

# JUNIOR–SENIOR BALL

*May 29, 1959*
*9–12 P.M.*

The 1959 "Twilight Time" prom took place amidst a galaxy of stars in the school gym. Phyllis Garfield was crowned our queen and her king was Frank Inglese. Her court appeared radiant in all their formal finery.

We anticipated this climactic event for hours, days, even weeks before it took place. Girls bought first formals and boys rented their first dinner jackets. Hours were spent on decorations and disturbed teachers tolerated our running in and out of classes to meetings and discussions. We must admit that we didn't get much school work done during those weeks due to daydreaming as well as all these activities. The tension in the atmosphere was brought on by the excitement of going to a prom with that "special someone."

The prom was an event to be remembered by us for all time, not only because of its splendor and enchantment but because we realized that we were nearing the very portals of our senior year.

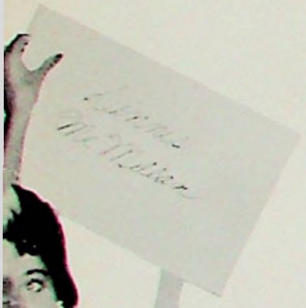
# RING DANCE

Mr. Boratin supervises the decorating committee.

On October 17, the Senior Class of 1960 presented the first Lancaster Senior High "Ring Dance," a semi-formal for Seniors and their dates.

Decorations in pink, white and lavender garnished the room, with mobiles hanging from the ceiling and streamers connecting wall placards bearing each Senior's name.

The ceremony platform, where Mr. Boratin and the class officers presided, was draped in lavender with white bows and backed with the ring insignia. A Junior honor guard lined the steps during the evening. At 10:00 P.M., the long awaited rings were distributed to each Senior following a congratulatory speech given by Mr. Boratin.



# SNOWFLAKE SWIRL

And a good time was had by all.

Several dozen lighted Christmas trees adorned the activity room where the "Snowflake Swirl" was presented by the Senior Class on December 19, 1959. We all enjoyed ourselves as we danced or listened to the music of an excellent seven piece orchestra. The evening was highlighted by the crowning of Judith Lux, the "Snowflake Queen." Each girl received a sachet as a souvenir. From the girls present at the dance, Judy's name was drawn. She and her escort were presented with a ten dollar prize.

Mr. Boratin crowns Judy Lux as "Snowflake Queen" while her escort, Roy Bentley, Phyllis Garfield, and Bill Thomlinson look on.

# THE Sadie Hawkins DANCE

Marryin' Sam Hrycko ties the knot between Daisy Mae Garfield and Lil' Abner Greco.

The annual "Sadie," held on Nov. 21, 1959, from 8 to 11, was a huge success. Everyone had a most enjoyable evening, square and round dancing amid the informal surroundings, highlighted by Al Capp's Dogpatch characters. The dance was interrupted by Phyllis Garfield, our Daisy Mae, as she chased Jim Greco, Lil' Abner, through the crowd until she successfully dragged him before our Marryin' Sam, Laverne Hrycko. After that fateful wedding ceremony was completed and Jim was forced to kiss Phyllis, other couples fought their way forward for a similar ceremony before Marryin' Sam.

Decorations consisted of shmoos such as this, plus pictures of Dogpatch citizens.

# SPEECH COURSE

At Lancaster a speech course is incorporated in the senior year of English. Ten weeks are spent learning the basic principles of public speaking, parliamentary procedures, choral speaking, and play presentation. This year many speech students participated in a Christmas assembly program, *Unto These Doors*, a choral reading about the birth of Christ. Members of these classes also act as chairmen of student assemblies, opening the assemblies and introducing the speakers. Other students took part in a broadcast on the High School Forum of the Air at WBEN. Bill Thomlinson competed in the American Legion Contest and won sectional honors.

# SCIENCE RESEARCH PROGRAM

The Saturday Morning Science Research Program is designed to give students interested in project work, over and above what regular class and school time permits, an opportunity to work on them. An attempt is made to provide research sources, encouragement, and advice in putting the individual study on a really scientific basis. Through this program, students have gained experience with the techniques of science study and research, science disciplines, and science equipment.

Pictured below are some of the most active students taking part in the Science Research Program: W. Thomlinson, V. Domanowski, P. Milks, L. Seibel, T. Nelson, L. Mowbray, D. Stock, B. Hummel, C. Suckow, K. Wells, N. Wydysh, D. Moore, P. Campbell, D. McMillan.

# OUR LIBRARY

Science education has been given additional emphasis in the library during this year as the result of our school being accepted as one of the 1700 schools in the United States to participate in the Traveling High School Science Library program. The 200 outstanding books in the sciences and mathematics are supplied by the American Association for the Advancement of Science. Every two months a different set of fifty books in their traveling cases is displayed and circulated.

Each member of our Library Staff devotes one period of his school day to help check out books and sign passes so that our library can be run efficiently. Here, our Library Club gathers around the circulating Science Library. *Seated:* P. Wojtkowiak, S. Brooks, K. Anthon, J. Mazurek, J. Mitzel, L. Calkins. *Standing:* N. Wydysh, Miss Snyder, B. # MIXED QUARTET

The mixed quartet which was formed this year, practices every Thursday under the direction of Mr. Schermerhorn. They have sung before community groups such as the Home for the Aged, Wende, and for local fraternal organizations. The group has enjoyed rendering their services to the school and community and have gained valuable experience in public performance through these endeavors. The quartet consists of John Miller, Moira Maitland, Sharon Stevens, and John Restall.

# MIXED CHORUS

Mr. Schermerhorn directs the mixed chorus, which is composed of selected eleventh and twelfth year students. They receive an abundance of training in various types of choral music. This year's activities were highlighted by the December production of the musical, "Oklahoma," singing at the Wende Home and a May Concert.

# DANCE BAND

About four years ago a group of orchestra members became interested in forming a dance band. The first year of organization proved to be a success and as one member graduated, another member of the orchestra took his place.

This year's group has been most active having participated in one of the Junior High School assemblies. They also have played for the P.T.A. Alumni Dance given during the Christmas season and for the Junior High Dance held in February.

# MUSIC COUNCIL

Representatives to this council are chosen from the musical organizations and act as a service group to help plan and coordinate the activities of the Music department.

# GIRLS' CHORUS

This is a course designed to give choral experience to all tenth grade girls who elect it. Under the direction of Mr. Schermerhorn the girls work hard to meet the requirements for mixed chorus, of which they will be members next year.

# CONCERT BAND

The band, under the direction of Mr. Kemp, has had many opportunities to present their talents in public. They have played at hockey games, Old Folks' Homes, Shut-in Society, Little League, contests, and assemblies. The Concert Band had representatives in the Erie County Band, All-State Sectional Band, and the All New York State Band at the Music Education sixteen State Conference in Buffalo. At least two band members are going into music education as a profession, so the experience proved to be profitable. The band has added much enjoyment and many pleasurable hours to the cultural life of the community.

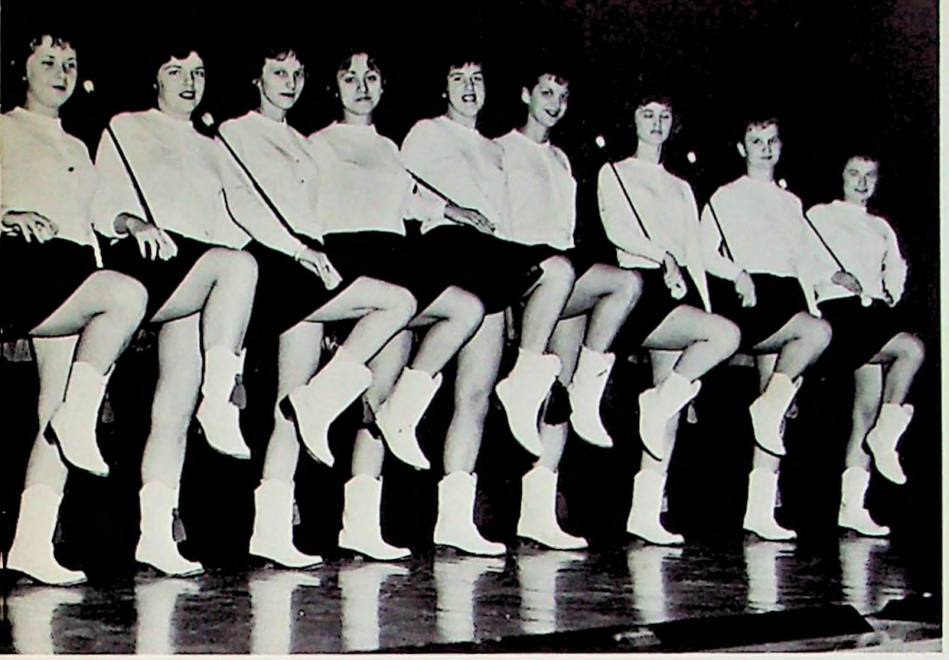
# MARCHING BAND



The baton twirlers have added color to the band on several occasions. From left to right are: J. Dudek, S. Ziegler, B. Miller, M. Zagst, J. May, D. Stroka, J. Stachowiak, G. Stachowiak, and K. Olszewski.

This year, under the capable direction of Mr. Richard Fagan and Mr. Richard Pascucci, Lancaster High School has an accomplished marching band to its credit. The band consists of Senior High School students and pupils chosen from the Junior High through competitive tryouts. These younger members form a strong nucleus upon which future bands will be built. The consistent presence of the band at the football games boosted team morale with its spirited playing. The colorful half-time shows were a big attraction which the fans enjoyed immensely. The band gained valuable experience in making public appearances by marching in the Community Chest Parade in Buffalo, and was rewarded for their efforts by a front page picture in the Buffalo Evening News. These excellent performances also won the band an invitation to march in the University of Buffalo Parade of Bands Day at Rotary Field. Long hours of practice have paid off well and the band members are justified in the pride they take in their organization. Future appearances will assuredly add to the band's growing prestige and its fine representation of our school and community.

Monday afternoon at the Moose.

A great many of the Lancaster Senior High School girls participate in the Intramural Sports program. Among the sports in this program are volleyball, bowling, softball, basketball and table tennis, all of which take place in after school meets. Those who accumulate 150 points in one year, receive an award and most become participating members in the girls' sports society, Old English L. Miss Parkman and Miss Tomczak are the advisers in these activities.

# CHEERLEADERS

In the spring of each year a great commotion can be heard over the fields of Lancaster Central High. The time has again arrived for the annual cheerleading tryouts and the candidates are practicing their jumps and cheers in anticipation of the tryouts. The new squads are chosen by the Varsity squad and Miss Tomczak on the basis of their cheering ability, neatness, amiability, and scholastic record.

A cheerleader's main responsibility is, of course, leading the student body in supporting our school's sports teams. However, her duties go a bit further than this. She also makes posters for the coming games and meets, plans cheer rallies, conducts dances after football and basketball games, serves at the annual football banquet, and attends weekly practices. We can all be proud of these peppy girls who add so much color to our sports program here at Lancaster.

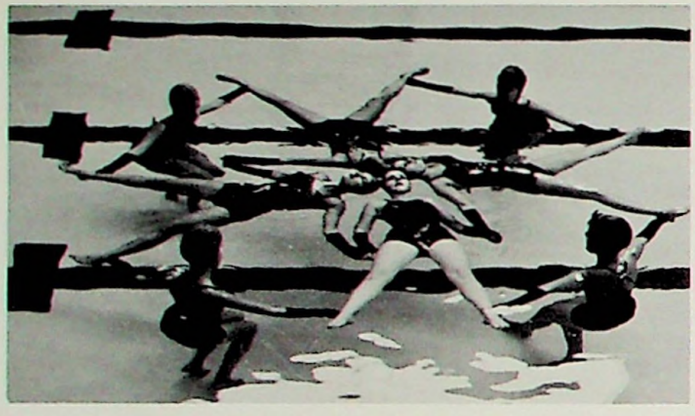
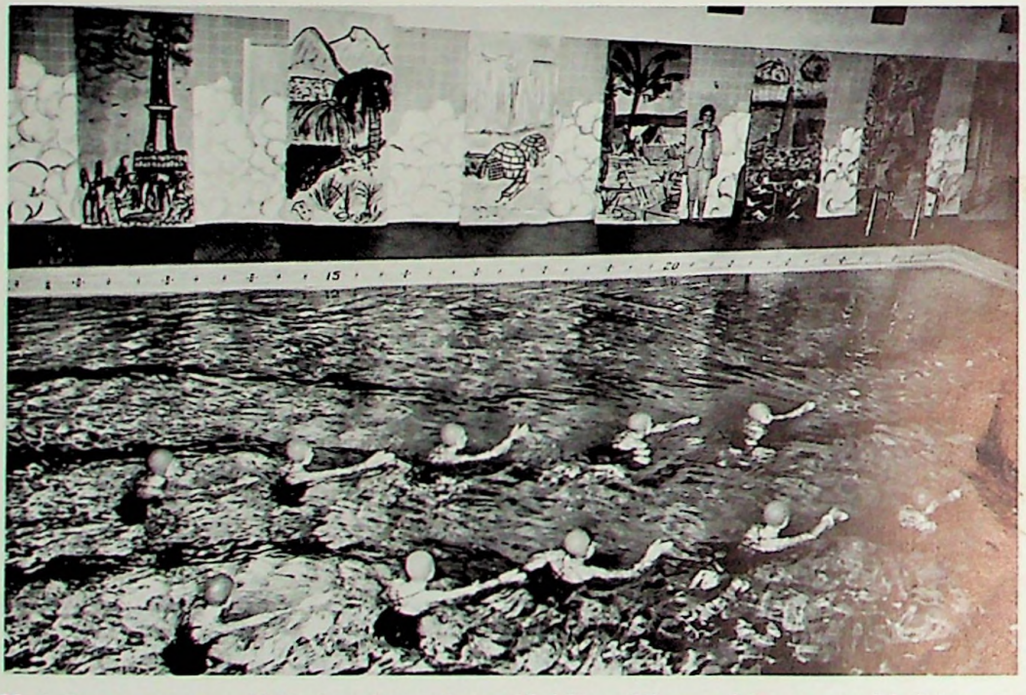
# WATER BALLET

Water Ballet is a combination of rhythm, dance, and poise set to music in almost any pattern conceivable, and it requires cooperation and imagination. The Aquabelles of L.C.S. spend the first part of the school year working on stunts. Later in the year, numbers for the Water Show are perfected with girls practicing their stunts to music. The Aquabelles work hard, both in perfecting the swimming skills and in learning to interpret the strokes to music. Each year, after a long period of hard work, the girls are proud to present their annual Water Show.

Representing the U. S. in the 1959 Water Show were Cindy Suckow, Barb Hummel, and Sharie Werick.



England was the setting for this colorful number while the girls swam to the music of "Greensleeves." Students participating were B. Rohl, L. Van Splunder, D. Przybylski, C. Werick, B. Shultes, J. Neidrauer, J. Small, and M. Marino.



Marie Layer was poster girl for the swim number entitled Siam. Other participants were M. Ceisner, S. Diringer, D. Kervink, M. Lowery, L. Van Splunder, K. Werick, D. Snyder, D. Stroka, G. Willard, S. Wood.

Miss Parkman, swimming instructor, directs the show and is mainly responsible for its production.

This year was a complete success, having one of Lancaster's finest records of 7 wins and 0 losses. The team rolled up a total of 242 points on offense, while holding their opponents to 37 points on defense. This was the fifth undefeated season, extending the record to 31 victories without a defeat. Some of the backfield men who were outstanding were: Paul Reger, Bill Lathrop, Richard Marino, and David Flower. The linemen who opened up the holes were Robert Nicholson, Donald Hout, Joseph Makuch, Gary Nitchke, Tom Nelson, Bradley Search, and Jack Smith. Ralph Horton and David Faulhaber did a great job on defense. The two men who were greatly responsible for this victorious season were Coaches Foyle and Walter.

Lancaster students were again proud of their Varsity football team this year as they brought home a 2nd place in E.C.I.C.'s Division II. The main purpose of football is to educate boys in working together harmoniously as a squad and a winning team unit. Stress is applied to the development of favorable characteristics, such as perseverance, determination, loyalty, obedience, honesty, good sportsmanship, and physical ability in each boy. This year's first string team was made up mostly of seniors, and four of them, Dave Madge, Carl Jutzin, Bill Zach, and Clark McKenzie made the Buffalo Evening News All-Star Team. Fred Haake, Jim Greco, and Clark McKenzie were chosen by the Courier-Express for their All-Star Team. Coaches Simon and Olszewski worked extremely hard this year to develop a good team, and were justly rewarded. They feel that all the boys have improved themselves by their experiences in football.

# SOCCER

This was the second year of soccer for Lancaster Senior High School and the first year in league competition. Through the practice games participated in last year, the team gained valuable experience. At the close of the season this year the team found itself in second last place. The only win was against Gowanda, but outstanding spirit was shown at all of the games. In subsequent years under the able guidance of Coach Hinckley the team can look forward to advancing the excellent sports reputation of Lancaster Senior High School.

Pictured above, Ron Pascucci is about to kick off. In the background are Barry Murphy, Jim Hogan, and Ken Burg.

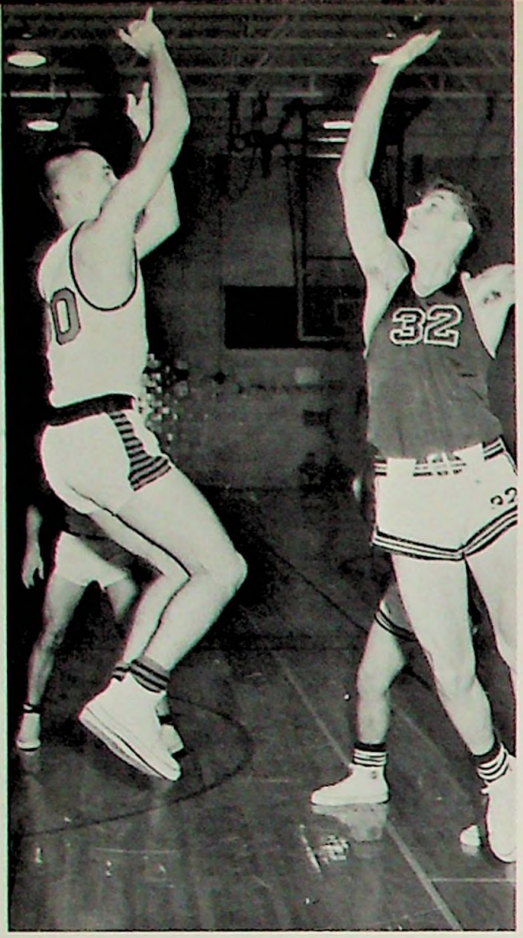
# BOWLING

A bowling match consists of three points. There are two games bowled and each game's winner receives one point. The third point, mentioned above, is rewarded to the team having the highest total pins. In case of a tie game, the participating teams split the point.

This year our varsity team has eight men. After the first round of league bowling, the Redskins are in first place, having won fifteen points and lost only three. Five of the eight players have bowled games of 200 and over, advancing our fine team to Division II in the league.



# JUNIOR VARSITY BASKETBALL

The Junior Varsity Basketball Team, as with most JV teams, lacks player depth and experience, but still has done an excellent job this year. As the end of the season draws near, we note that with more practice and training the team has had better performance in the last few games. Most of the players this year will move on to Varsity Basketball.

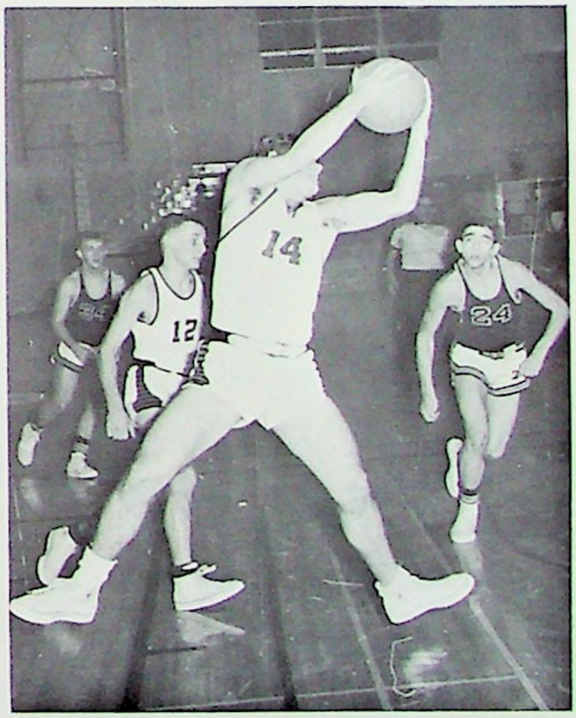
# VARSITY BASKETBALL

As this book goes to press our varsity team is in first place in Division II of the E.C.I.C. We all remember the excellent performance of our team last year bringing home the honors for Lancaster with the Sectional AAA Championship. We look forward to a similar performance by our boys this year, as we know we have an equally good team.

With Edward Wianecki as their captain, these boys have shown exceptional sportsmanship and teamwork. They put in three hours of practice each night and play two games a week, all for the glory of L.C.S.H. Their progress thus far in the season can be seen by the scores.



Got it, Jim?

In the past two years, swimming as a part of the high school's interscholastic program has grown considerably in size and popularity. The objectives throughout the athletic program are the same: to improve the individual, both mentally and physically, to encourage his competitive spirit, to broaden his social outlet to his fellow men, and to develop high character through good sportsmanship and leadership. Last year was the team's first experience in league competition and, with a squad of 25 boys, it tied for fourth place, with a 5 win, 7 loss record. This year it has expanded into two full squads—Varsity and Junior Varsity—carrying 36 boys with the addition of a Junior Varsity coach, Mr. Thomson. The greatest problem is that too many Sophomore swimmers are coming out for the Junior Varsity team who did not participate as Freshmen. This puts them one year behind all the way through their high school swimming career. If L.C.S. is to be on the top in swimming, as in other activities, these boys must begin at an earlier age.

John Miller and George Rammer put to practice our motto, "Look sharp, feel sharp, be sharp."

*1st row:* W. Thomlinson, K. Burg, E. Basher, D. Woolley, J. Natalzia. *2nd row:* D. Flower, T. Nelson, B. Lathrope, C. McKenzie, B. Lyon, J. Thomas, R. Basher. *3rd row:* D. Bremiller, L. # WRESTLING

High school wrestling contributes toward building a sound body, learning self-defense, and developing traits of good character, leadership, and sportsmanship. The wrestling team at Lancaster is especially proud, not only of its record in wrestling competition, but also of its success in improving these qualities in its participants. Coached by Mr. Boffa, math teacher at Lancaster Junior High, the members of the team enjoyed a successful season with such outstanding veteran wrestlers as Earl Basher, Ken Burg, Burt Lyon, Clark McKenzie, and Bill Thomlinson. Although not a team sport, wrestling gives its members a special incentive as they hear their fellow wrestlers urge them on.

Ready for the match are: M. Thore, J. Wagner, J. Ward, J. Hughes, D. Canetti, and Mr. Roesch, coach.

John Wagner plays "The Rifleman."

# RIFLE

From Thanksgiving to Easter, faint rumblings can be heard about the school building by the late stayer at L.H.S. With a little detective work, he can find that it's the rifle team hidden away in the depths of the basement rifle range. These men are shooting at pieces of paper, commonly called targets. Coached by Mr. Roesch, the five-man team has achieved an outstanding record for Lancaster. All are expert marksmen, interested in riflery as an outside activity.

# CROSS COUNTRY

Although not essentially a team endeavor as usually understood, cross country seeks to provide a wholesome outlet for the boys' energies and at the same time teach them something of competitive spirit and good sportsmanship. Under Coach Gessert the team placed second in both the Section AA Championship and the Buffalo State Teachers College Invitational Run. George Thomson remained undefeated in all competition and was honored by being the AA individual winner.

*1st row:* Mr. Gessert, E. Wianecki, H. Lockwood, P. Lang, G. Thomson, L. Yarrington, R. Weinbach.
*2nd row:* J. Schultz, R. Broska, J. Lisson, P. Betz, P. Byerly, D. Zynda, F. Borschel.

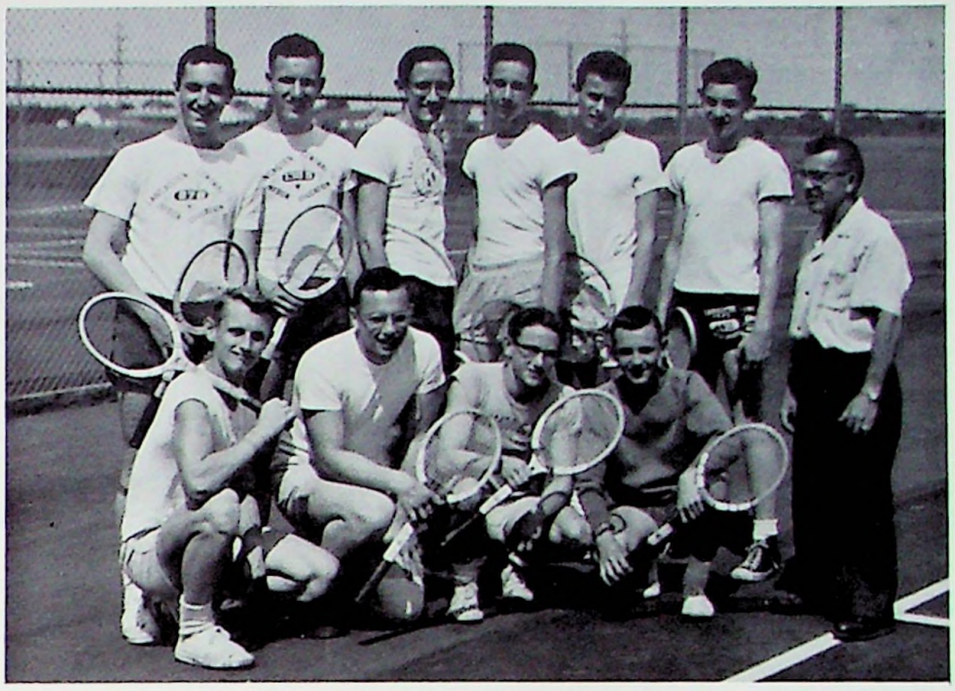
# VOLLEYBALL

Another winter sport is Boys' Volleyball. Lancaster was represented by a fine team in the Erie County Interscholastic Conference, Division II, last year. Although a comparatively new team, the boys came out on top in the sectional meet. Mr. Java is the coach of this team which displays such fine spirit and sportsmanship at all of its games.

*1st row:* D. Garry, P. Lang, T. Debo, P. Taylor. *2nd row:* J. Restall, J. Brown, J. Bunting, M. Hamann, R. Scrace, Mr. Java. *3rd row:* R. Rohl, G. Mioducki, J. Quiram, C. Jutzin.

# TENNIS

This year our tennis team enjoyed a fine season, playing on LCS's new courts for the first time. The boys on the team chose tennis as a universal sport they can play all through life. It requires of them rhythmic coordination, fast, accurate timing, and keen footwork.



*1st row:* J. Brown, J. Restall, W. Thomlinson, K. Burg, Mr. Karl. *2nd row:* M. Kraemer, J. Louer, L. Seibel, D. Canetti, R. Weinbach, D. Stock.

# TRACK

The 1959 track team took second place in the sectional championships with a five win, one loss record. Outstanding were George Thomson, who broke school records for the mile and half-mile, Clark McKenzie, who broke the discus record, and Landis Klaiber, who emerged the sectional half-mile champion.

*1st row:* L. Klaiber, G. Thomson, B. Murphy, R. Simboli, W. Miller, W. Lavelle, J. Thomas, C. Nelson, L. Boni. *2nd row:* D. Klaasesz, R. Gerlock, D. Flower, D. Madge, B. Lyon, J. Lisson, F. *1st row:* D. Amey, R. Schmidt, M. Spisjak, D. Malinowski, J. Struntz, L. Hrycko. *2nd row:* R. Rohl, G. Snajder, E. Wianecki, J. Kasprzyk, P. Byerly. *3rd row:* R. Scrace, G. Frey, H. Sutton, R. Schifla, D. Tabone, P. Dobson, F. Haake.

# VARSITY BASEBALL

Under Coach Olszewski, our varsity baseball team enjoyed a very successful season. The varsity squad won 11 games without a single defeat in 1959. With the help of Pat Dobson, who as pitcher, had a record of 19 strikeouts in one game, the team won the Erie County Interscholastic Conference Division II. In addition, Pat had a total of 120 strikeouts in 65 innings.

Varsity baseball adds lustre to our already satisfactory Spring sports program. We have a fine turnout of athletes participating and making baseball a success. All candidates screened for the junior varsity squad include both ninth and tenth grade boys. The Varsity squad is also screened in the same manner. A complete medical examination, parents' permit slip, and insurance are basic requirements to participate in any practice session.

# GOLF

Participation in most high school sports lacks the carry-over factor found in golf. Through this sport, the boys are able to explore a clean, wholesome, and healthy type of recreation, one which supplies them with a pastime they will enjoy all their adult lives.

K. Beck, J. Wood, J. Bunting, R. Ward, R. Ripa. *Absent:* Coach Foyle.

*1st row:* T. Denne, R. Horton, D. Thorpe, J. Thomas, P. Marano, Coach Fitzpatrick. *2nd row:* L. Stark, S. Bielat, R. Broska, P. Reger, R. Cervo. *3rd row:* G. Doyle, G. Nitchke, R. Belmont, D. Dobson, D. Hout.

# JUNIOR VARSITY BASEBALL

Many of these boys have demonstrated superior ability and the potential that will keep our varsity team great as the years go on. The strength, vigor, and, indeed, the hopes of a varsity team are inevitably dependent upon the junior squad from which the varsity team each year for the most part is chosen.

J. Koedel, A. Fassl, V. Piatek, and S. Roll are caught by our candid camera as they prepare the 500 sandwiches consumed in a day.

# CAFETERIA STAFF

The daily task of preparing well-balanced lunches to feed a student body of over 700 lies in the experienced hands of our cafeteria staff. Under the direction of Mrs. Becker, who plans the menus for all schools in the district, these qualified workers prepare in a typical day 500 sandwiches, 25 gallons of soup, 4½ bushels of potatoes, 15 gallons of gravy, 20 #10 cans of green beans, and 65 meat loaves.

It is due to their efficient and skillful efforts that the students of Lancaster Senior High School enjoy such fine food each day.

*1st row:* M. Welz, A. Fassl, R. Becker, W. Troppman, G. Morales, H. Jann. *2nd row:* V. Smith, W. Swanson, T. Kiehl, B. Becker, V. Piatek, J. Rudnik.

# MAINTENANCE

It is the job of these men to keep the school and its grounds in good condition and uphold its beautiful appearance which makes it the pride of the community. We owe them many thanks for their cooperation with our extra-curricular activities.

M. Kuras, L. Trudell and C. Smith in the process of decorating the Christmas tree in our cafeteria.

Push the button, Bob.

Our own J. Corliss

Another job being done well by W. Woertz and E. Barnett.
